Jackson County Boy at Camp Jackson.

Camp Jackson,
Base Hospital,
May 28, 1918

Dear Editor:

Will you spare a space in your paper for a few lines from a Jackson county soldier boy.

I arrived at Camp Jackson Sunday, April 28 after a pleasant trip from Gainesboro. I was sent to the base hospital May 7, and after five days was operated on. The operation was successful and am feeling fine. Have begun to set up and eat everything given me. The food is excellent and between meals have fruit of different kind and lemonade served. The treatment received in the hospital is the best possible, and the Red Cross nurses are sure angels.

The army life is fine for any young man. They have an opportunity of learning things that will be useful to them after the war is over. They even learn to perform all kind of house work, and my advice to girls is to wait and marry the soldier boys, then all you will have to do will be to read and take life easy.

The Y. M. C. A. man has given me a testament and the Red Cross has furnished me with a checker-board. Between the two I pass the time off pleasantly, and I believe I can make a preacher by the time this war is over, as I study my testament daily.

If the girls of the 3rd district will knit the Kaiser a sweater out of barbed wire I think I will be able to deliver it to him by Christmas or before. Let me hear from the girls about this.

Will close for this time as the teacups are beginning to rattle, and we all keep a close lookout for the tea man.

Yours truly,
Melvin Forkum,
14th Co., 4th Tr. Bn
156 Depot Brigade.

Serve Your Country By Saving Money!

You've always been told you ought to save money; every day some savings bank advertisement tells you so. The chief reason given for saving money has been that you'd have the money with interest later on, as a step to financial independence and success.

That is an excellent reason, but there's a better reason than that. Save because we have pledged the honor of our country and our people to fight this war to our last dollar and to our last man if necessary. America does not break her word.

Money saved makes of you a better man or woman, boy or girl; makes you dependable, responsible; increases self-respect, which increases your value. Save money to help your country by buying War Savings Stamps and U. S. Thrift Stamps.

- 1—War Savings Stamps are a promise to pay you the amount you invest, at the end of 5 years, with 4 per cent interest compounded every three months.
- 2—You can turn them into cash any time without looking for a buyer; just go into any postoffice and get them cashed.
- 3—You can invest in U. S. Thrift Stamps as little as 25 cents at a time, and as much more as you please.

INVEST YOUR MONEY IN YOUR GOVERNMENT

Put your quarters, and halves and dollars into these safest and simplest of all government securities.
